

## **Undergraduate Studies Committee**

### **Proposed Resolution on Teaching and Research Faculty**

Spink, Trygstad & Pulliam

November 26, 2019

Be it resolved that:

*The UGSC recommends that any body or bodies created by the UFC and/or the administration to study and/or craft handbook changes relating to the appointment, renewal and/or promotion of teaching and research faculty should contain a significant number of teaching and research faculty. We further recommend that several town halls be scheduled throughout the Spring 2020 semester so that all teaching and research faculty may participate in discussion of these handbook changes.*
