

Summary of CAEE Dept. changes to BS-CE and BS-ARCE:

In general, these informational items include updates to a few of our departments specializations to reflect current course offerings and demand.

1. Updated electives for specializations in BS-CE:
 - a. Added 2 courses here for ENVE specialization (ENVE 422 & ENVE 423)
 - b. Added 2 courses here for GEO specialization (ENVE 423 & ENVE 444)
 - c. Removed CAE 435 from Structures specialization because not often offered
2. Updated electives for specializations in BS-ARCH:
 - a. Added 1 course here in building systems Eng. specialization (CAE 462)
 - b. Added 1 course here to Structures specialization (CAE 436)
3. Also, within BS-ARCH:
 - a. Removed Fire Protection and Life Safety Specialization
 - i. No demand in many years
 - ii. We don't often teach CAE 422, 424 and 425 recently that are req. for it.
