

H-designation learning outcomes

Proposal

By: Humanities Department

In March 2020, the Humanities department unanimously voted to approve the following list of learning outcomes. We submit them here to UGSC for final approval.

Students will:

1. Be able to articulate questions about human expressions and experiences.
2. Demonstrate understanding of the language and concepts of the humanities and arts.
3. Produce original work of creative expression (e.g., creative writing, argumentative research paper, fine arts).
