[Bachelor of Science in Civil Engineering](#)

Program Status	Active		
Requestor	Name	Brent Stephens	E-mail
	bstephe5@iit.edu		
Origination Date	<u>2025-1-29</u> <del>2024-1-30</del>		
Is this an interdisciplinary program?	No		
Academic Unit	Civil Archl Environ Engrg		
College	Armour College of Engineering		
Program Title	Bachelor of Science in Civil Engineering		
Effective Academic Year	<u>2025</u> <del>2024</del> - <u>2026</u>	Effective Term	Fall 2025
Academic Level	Undergraduate		

### In Workflow

1. CAEE Chair
2. Academic Affairs
3. Undergraduate Academic Affairs
4. AC Dean
5. Undergraduate Studies Committee Chair
6. Faculty Council Chair
7. Academic Affairs

### Approval Path

1. 01/29/25 1:50 pm  
Brent Stephens (bstephe5): Approved for CAEE Chair
2. 02/03/25 9:55 am  
Ayesha Qamer (aqamer): Approved for Academic Affairs
3. 02/05/25 11:38 am  
Joseph Gorzkowski (jgorzkow): Approved for Undergraduate Academic Affairs
4. 02/05/25 2:37 pm  
Hamid Arastoopour (arastoopour): Approved for AC Dean

### History

- 3. Apr 27, 2018 by Sarah Pariseau (sparisea)
- 4. Mar 25, 2021 by Brent Stephens (bstephe5)
- 5. Apr 22, 2022 by Brent Stephens (bstephe5)
- 6. Mar 15, 2023 by Brent Stephens (bstephe5)
- 7. May 7, 2024 by Brent Stephens (bstephe5)

*If all courses in a subject in your department are required, please enter each subject followed by the number ranges in the "Quick Add" field in the pop up box when you click the green plus button below. For example: ARCH 100-499.*

What courses will factor the major GPA?

Program Type            Degree  
 Degree Type            Bachelor of Science (BS)

CIP Code  
 14.0801 - Civil Engineering, General.

Is there more than one Academic Unit proposer?

No

Program Code            BS-CE

Program Attribute

Total Program            130  
 Credit Hours

Please provide a summary and rationale for the requested program revision.

Updating minor details in electives and specializations ~~Revising specializations to match current offerings~~

## Program Narrative and Justification

---

Narrative description of how the institution determined the need for the program. For example, describe what need this program will address and how the institution became aware of that need. If the program is replacing a current program(s), identify the current program(s) that is being replaced by the new program(s) and provide details describing the benefits of the new program(s). If the program will be offered in connection with, or in response to, an initiative by a governmental entity, provide details of that initiative.

Narrative description of how the program was designed to meet local market needs, or for an online program, regional or national market needs. For example, indicate if Bureau of Labor Statistics data or State labor data systems information was used, and/or if State, regional, or local workforce agencies were consulted. Include how the course content, program length, academic level, admission requirements, and prerequisites were decided; including information received from potential employers about course content; and information regarding the target students and employers.

Narrative description of any wage analysis the institution may have performed, including any consideration of Bureau of Labor Statistics wage data related to the new program.

Narrative description of how the program was reviewed or approved by, or developed in conjunction with, one or more of the following: a) business advisory committees; b) program integrity boards; c) public or private oversight or regulatory agencies (not including the state licensing/authorization agency and accrediting agency); and d) businesses that would likely employ graduates of the program. For example, describe the steps taken to develop the program, identify when and with whom discussions were held, provide relevant details of any proposals or correspondence generated, and/or describe any process used to evaluate the program.

### Admission Entry Details

### Academic Information

---

## Advising

---

Since quality advising is a key component of good retention, graduation, and career placement, how will students be mentored? What student professional organizations will be formed? How will the department work with the Career Services office to develop industry connections?

## Program Resources

---

Which program resources are necessary to offer this program?

1

All civil engineering students are required to register for the Fundamentals of Engineering (FE) examination during their senior year. The examination is offered by the National Council of Examiners for Engineering and Surveying (NCEES) throughout the year.

2

All technical electives must be CAE, ENVE, or EMGT courses at the 400-level or above. Students are limited to only one EMGT elective course.

3

Students are encouraged to take ENVE 201 but other listed additional science electives are acceptable with advisor approval.

Total Credit Hours: 130

<sup>1</sup>

Students are encouraged to take ENVE 201 but other listed additional science electives are acceptable with advisor approval.

<sup>2</sup>

All technical electives must be CAE, ENVE, or EMGT courses at the 400-level or above. Students are limited to only one EMGT elective course.

This program is accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET).

All civil engineering students are required to register for the Fundamentals of Engineering (FE) examination during their senior year. The examination is offered by the National Council of Examiners for Engineering and Surveying (NCEES) throughout the year.

Specialization  
Requirements

## Professional Specializations in Civil Engineering

Students who select an area of specialization must take a minimum of nine credit hours from the following technical electives listed under the respective area of specialization.

Three additional credit hours may be any 400-level CAE course taken with prior approval of the student's adviser and chair.

### Environmental Engineering

Select a minimum of nine credit hours from the following courses: 9

<a href="#">CAE 439</a>	Introduction to Geographic Information Systems	3
<a href="#">ENVE 402</a>	Introduction to Environmental Engineering and Sustainable Design	3
<a href="#">ENVE 403</a>	Occupational and Environmental Health and Safety	3
<a href="#">ENVE 404</a>	Water and Wastewater Engineering	3
<a href="#">ENVE 422</a>	Global Environmental Change and Sustainability Analysis	3
<a href="#">ENVE 423</a>	Geoenvironmental Engineering	3

<a href="#">ENVE 444</a>	Carbon Capture, Utilization, and Storage	3
<a href="#">ENVE 463</a>	Introduction to Air Pollution Control	3
Total Credit Hours		9

## Construction Engineering and Management

Select a minimum of nine credit hours from the following courses: 9

<a href="#">CAE 471</a>	Construction Planning and Scheduling	3
<a href="#">CAE 472</a>	Construction Site Operation	3
<a href="#">CAE 473</a>	Construction Contract Administration	3
<a href="#">EMGT 470</a>	<a href="#">Project Management</a>	<u>3</u>
Total Credit Hours		9

## Geotechnical Engineering

Select a minimum of nine credit hours from the following courses: 9

<a href="#">CAE 401</a>	Hydraulics, Hydrology, and Their Applications	3
<a href="#">CAE 415</a>	Pavement Design, Construction and Maintenance	4
<a href="#">CAE 486</a>	Soil and Site Improvement	3
<a href="#">ENVE 423</a>	Geoenvironmental Engineering	3
<a href="#">ENVE 444</a>	Carbon Capture, Utilization, and Storage	3
Total Credit Hours		9

## Structural Engineering

<a href="#">CAE 411</a>	Structural Analysis II	3
Select a minimum of six credit hours from the following courses:		6
<a href="#">CAE 408</a>	Bridge and Structural Design	3
<a href="#">CAE 410</a>	Introduction to Wind and Earthquake Engineering	3
<a href="#">CAE 436</a>	Design of Masonry and Timber Structures	3
<a href="#">CAE 437</a>	Homeland Security Concerns in Engineering Systems	3
Other 400- or 500-level courses may be used towards the specialization with the prior approval of the student's adviser.		3
Total Credit Hours		9

## Transportation Engineering

Select a minimum of three courses from the following: 9

<a href="#">CAE 416</a>	Facility Design of Transportation Systems	3
<a href="#">CAE 417</a>	Railroad Engineering and Design	3
<a href="#">CAE 437</a>	Homeland Security Concerns in Engineering Systems	3
<a href="#">CAE 439</a>	Introduction to Geographic Information Systems	3
Total Credit Hours		9

## Program Outcomes and Assessment Process

---

What are your learning objectives in this program? Please list each learning objective in the boxes below:

*Note: These should be the same as described in your assessment plan at the bottom of this form.*
